

## Editorial Note For Diabetes

All published articles of this journal are included in the indexing and abstracting coverage of China National Knowledge Infrastructure (CNKI), Chemical Abstracts Service (CAS), WorldCat, Secret Search Engine Labs. During the calendar year 2019, Journal received a total of 19 manuscripts, out of which 4 articles were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. Globally articles have been accessed by the research scientists and also cited. During the calendar year 2019, a total of three Editors, six reviewers joined the

The journal always was in contact with the scientific group of the world through its mails, social media networks and its digital platforms. Some of the best ways to be in contact with the audiences' are:

1. Twitter postings: Regularly posting the articles, trends, updates of the journal. They can be visible at @ComputationalJ.
2. Posting Google Analytics data in the website.
3. Using LinkedIn and Facebook for regular updates.
4. Regularly being in contact not only through mails but also through WhatSapp.

The complete details about the journal can be seen at:
