

Editorial Note

Abstract

I am glad to mention the achievement during the year 2019, all issues of Volume 16 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online.

Clinical Practice (Therapy) (FMCP) during this year also brought out Global Meeting on Nursing & Health science proceedings has published Online.

The Scopus SJR impact factor of Clinical Practice (Therapy) (FMCP) of the year 2018 was 0.1^{*}, along with that journal impact factor is 2.4^{*} also the journal is indexed in quality indexing sites such as EMBASE/Excerpta Medica, Google Scholar, Publons, CNKI, Open J-Gate to standardized visibility and maintain publication standard. Journal follows strict publication ethics.

During the calendar year 2019, FMCP received total 79 articles, out of which 20-23 articles were rejected in the preliminary screening due to plagiarism or being out of the format. Clinical Practice (Therapy) (FMCP) is an open access journal and a peer reviewed journal our eminent reviewers and editors provide their expert comments in their respective field to maintain the quality of the journal. Double blinded peer review process has been followed in our journal. In peer review process, reviewer would take 7-14 days to submit their valuable comments. It would take 21-25 days to complete the whole process; articles were published from authors all around the world. Clinical Practice (Therapy) (FMCP) is one of the leading international journals in the world. Journal is providing a vast platform to the authors to reach the journal easily through the social media by advertising the published article on the online platform such as Twitter, LinkedIn, and Academia. Average publication lag time of an article was further reduced to 2-3 weeks.

During the calendar year 2019, a total of 4 Editors, 15-20 Reviewers joined the board of FMCP and contributed their invaluable services towards contribution as well as publication of articles.

I take this opportunity to acknowledge the contribution of (Fawaz Alenezi) during the final editing of articles published and the support rendered by the editorial assistant, Elizabeth Swan in bringing out issues of FMCP in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of FMCP, the office bearers for their support in bringing out yet another volume of FMCP and look forward to their unrelenting support to bring out the Volume 17 of Clinical Practice (Therapy) (FMCP) in scheduled time.
