

Recent Advancements and Excellence in the field of Pediatric Healthcare

Christina Yuen Ki Leung

The University of Hong Kong, China

With immense pleasure and excitement, we are euphoric to invite you to participate in "4th International Conference on Pediatrics and Primary Healthcare" which will be held during July 05-06, 2021.

The main objective of Pediatrics Healthcare 2021 will be to review the new findings and advancements in the field of Pediatrics This event will be of special interest to any professional involved in pediatric health care domain, such as, pediatrician, pediatric nurse practitioner, manufacturers of pediatric drugs & health care devices, academicians, Directors, CEO's of Organizations, Association Presidents, Researchers, Scientists, Graduates, Post Graduates and PhD Scholars, students, parents, clinical coordinators, health care professionals of any disciplines. Pediatrics Health Care conference gains special interest with every passing year in its particular goal to advance the health care knowledge and practice of pediatric medicine: related research and technology involved. It will provide a platform for multidisciplinary exchange of information to accelerate pediatric disorders and shed light on the significant scientific discoveries in all aspects of Pediatrics Health Care. Above all, it will be a meeting place to network and meet like-minded people in the field of Pediatrics, Adolescent Medicine, Cardiac Care and Research.

Allied Academies Publication is a scientific association known for promoting scientific temperament and has been performing very well in Business and Management and is a perfect platform for our readers. It is established in the year 1997. The main objective is making the information on science and technology. It is a known medical and science publisher that operates both in collaboration with the association and societies.
