

2020 Conference Announcement Pharmaceutical Bioprocessing

Successful Completion of the World Conference on Kidney and Renal Biomarkers (Kidney 2019)

Pulsus group have successfully completed, **World Conference on Kidney and Renal Biomarkers** by presenting latest scientific improvements in the fields. With the great support our organizing committee members and collaborators, Speakers and keynote speakers from different parts of the world came together to share their knowledge in recent researches and innovations. We would like to thank our Organizing Committee Members, Keynote Speakers, Speakers, Poster Presenters, Delegates, Media Partners for taking out your valuable time to join our conference and we also hope great support from them for our upcoming events as well.

We are honoured and would like to thank our organizing committee members of "Kidney 2019",

- **Dr. Amr Ahmed El-Arabey**
Pharmacology & Toxicology, Department, Faculty of Pharmacy, Al-Azhar University, Egypt & University of Science and Technology of China (USTC), China.
- **Dr. Athanasios Papatsoris**
Associate Professor of Urology at the 2nd, Department of Urology, School of Medicine, Sismanoglio General Hospital, Athens Greece.
- **Thomas Ryzlewicz**
Senior Consultant Nephrologist, ViaMedis Dialysis Center, Germany.
- **XU ZENG**
Associate Professor, Department of Pathology, Immunology and Laboratory Medicine, University of Florida, College of Medicine, Gainesville, Florida, USA.
- **Saeid Mordechai Nosrati**
Associate Professor of Medicine, Department of Medicine, Keck School of Medicine, University of Southern California, Los Angeles, USA

By the successful completion of past conference, we are super glad to announce our next international series of Kidney conference that is **World Congress On Kidney and Renal Biomarkers (Kidney 2020)** which is going to be held at **Singapore** on **July 29-30, 2020** with the theme **Exceeding the best challenge in Kidney and Renal Biomarkers**.

Participating in **Kidney 2020**, gives chance to meet eminent people from different part of the world, to cooperate with them, to make contacts with them and getting to know unique knowledge. Meeting will have researchers, scientists, professors who have perceived in different specialised fields. It unites people who are in various fields of Pharmaceutics and Nanomedicine.

It will provide exposure to the on-going researches in Kidney and related science. Kidney 2020 Conference aims to explore advances in education in relation to health disparities as well as a breadth of other topics. It will provide an opportunity for Kidney researchers and educators to exchange research evidence, models of best research and innovative ideas. It is a platform for Kidney students, faculty, deans, researchers, and leaders to collaborate on topics affecting Kidney and Renal Biomarkers.
